FOR IMMEDIATE RELEASE

August 15th, 2012

We have been informed by Health Canada that our Halloween costume assortment, item H1571, 6 Assorted Children's Costumes, contains a single model which does not meet the requirements of section 4.2 of the *Textile Flammability Regulations* issued under the *Canada Consumer Product Safety Act (CCPSA)*.

The only model in the assortment which does not meet the requirements is the red and black Ladybug costume (UPC # 0 62615 61571 0). All other items in the assortment are compliant and safe for use.

In testing, Health Canada determined that the feather trim on the costume did not meet the flame spread time of less than 4 seconds for a raised fiber surface. As such, this trim may be considered a potential burn hazard if the trim is exposed to, or otherwise comes into contact with, an open flame.

To date, no known instances of anyone being burned or otherwise harmed due to this hazard have been reported.

In cooperation with Health Canada, and in the interest of public safety, we are initiating a voluntary recall.
